

Retail Services

- Supermarkets
- Distribution Centres
- Retail Outlets
- New Build
- Refurbishment
- Fast Track

With over 20 years experience SEE have gained a vast knowledge of the requirements particular to the retail sector and are able to react to short and fast programmes, carrying out installations without a detrimental effect to store trading. Our performance in this sector has resulted in an exceptionally high level of repeat business from satisfied customers.

We are proud to be able to include major retailers such as Tesco, Sainsbury's, Marks & Spencer, Travis Perkins and Wickes among our clients, where we have installed electrical systems in both new outlets and fast-track refurbishment projects.

As well as carrying out new installations, our management team advise on energy saving measures, bringing added value to our clients and enabling them to reduce their carbon footprint.
